Many Norwich Eagles Will Attend State Field Day at New London—Court City of Norwich, F. of A., Has Installation—Red Men Anticipate Easy Season—Plans Complete for Hibernian Convention.

UNITED SPANISH WAR VETERANS

In accordance with an earnest request from comrades of the executive committee, the department officers and all commercial organizations in Norwich, the date of the seventh national encampment of the United Spanish War Veterans has been changed. The encampment is ordered to convene on Aug. 29, 30 and 31. The officers are announcing that the national encampment was to take place on Sept. 6, 7 and 8 have been rescheduled.

The veterans who attend, and there will be a good sized delegation from Connecticut, will have an opportunity of meeting Col. Theodore Roosevelt, who it is positively assured, will attend the encampment.

RED MEN.

The stated meeting of Tecumseh tribe, No. 43, was held on Wednesday evening in Hibernian hall with Sachem W. L. Farrar presiding. That the members are working hard for the benefit of the order was shown by the fact that one member brought in two applications. The last term was a busy one for the tribe, and the indications now are that the present term will be just as productive of good results. An outing toward the last of August has

been talked of by members of the tribe, but nothing has been definitely decided upon.

A. O. U. W. Grand Recorder Stroth reports that the matter of reviving the Haymakers will be brought up. The charter is still held by the local members, and although no meetings have been held at all this year it is hoped that interest in the lot can be stirred up and a fresh start made this fall.

UNITED WORKMEN.

Grand Recorder George Stroth reports that the reserve fund of the grand lodge of Connecticut, with all approved death claims paid, now amounts to \$210,000, a very handsome figure, which speaks eloquently of the financial standing of the Connecticut A. O. U. W. Grand Recorder Stroth reports also that in addition the grand lodge treasury shows a cash balance in the mortuary fund more than sufficient to pay all death claims awaiting adjustment.

ORDER OF PROTECTION.

Local Neopians are looking forward with considerable interest to the fourth annual field day of the lodge in eastern Connecticut at Wildwood park, Danielson, the last Thursday in

August. Although these events are usually attended mostly by members from the upper part of the state, there will be a fair sized delegation from this city. The joint arrangement committee representing the different lodges who are to take part in the outing held a meeting recently in Forester's hall and made plans for an interesting day.

The state field day at Lighthouse Point today should attract a number of Neopians from this vicinity.

EAGLES.

Five candidates were taught the mysteries of flight at the regular meeting of Norwich eagle, No. 367, in Eagles' hall on Monday evening. The work was conducted in commendable form by the degree team, in the presence of a large gathering of the brothers. Two new applications were read, and with several more to come at the next meeting, the eagle has prospects of busy and prosperous times ahead.

Norwich eagle will attend the state field day at New London on August 18th in full force, about eighty being expected to go down from this city. If possible, it will be arranged to have a special train to leave the city about 9.30 a. m.

The eagle has ambitious plans on foot, and the members plan to make a strong bid for the prize that will go to the lodge in the spring regatta. A float in the parade is another feature that is being looked after by this general committee of arrangements.

E. Percy Armstrong, Henry Rawley, John J. Fitzgerald, Vincent Payment, Charles Druecher, Henry Clemen, John J. Shugrue and Thomas F. Slatery.

A new banner is being made for the eagle and is due to arrive in time for the field day. On a blue field will be a large gold eagle and a big red rose, indicative of the place the eagle holds from.

While Norwich eagle was not represented in the parade at the New England field day at Providence last week, a number of local eagles were present and witnessed the festivities.

Norwich eagle has endorsed the candidacy of John J. Bohls of Stamford, Conn., grand president of the state, for grand trustee of the Grand eagle at the national convention in St. Louis on August 22. A special train will carry Connecticut Eagles to the big occasion.

HIBERNIANS.

Plans for the state convention of the Ancient Order of Hibernians, to be held in Waterbury August 30 and 31, have been practically completed by the state convention committee. The convention proper will open about 3 o'clock August 30 in Patrick's hall. The committee for the convention will then be appointed and a little preliminary work transacted.

The evening will be devoted to the entertainment of the delegates in the New Garden hall. The committee is now working on the program of entertainment that will be given. It will consist of singing and dancing by local talent and a few specialties. The entertainment will be wholly typically Irish. An orchestra will furnish Irish music throughout the evening. Dancing will be enjoyed before and after the entertainment.

The convention will reopen with mass at the Church of the Immaculate Conception at 10.30 o'clock August 31, which all the members of the Hibernians in Waterbury and the delegates will attend. After mass the entire body will go to St. Patrick's hall, where the annual reports will be made by the officers and officers will be elected for the coming year.

The Ladies' auxiliary will hold its convention in Columbus hall at the same time and will follow out practically the same programme, attending the entertainment in the Garden hall and mass at the Church of the Immaculate Conception.

Great interest is being manifested in the elections. It is openly known that one or two of the Waterbury men are being supported for office. The matter is being kept a little dark as yet as to the identity of the candidates, but it will be announced at an early date.

KNIGHTS OF COLUMBUS.

Two hundred delegates from the United States, Canada, Newfoundland, Cuba, Central and South America and the Philippines were in Quebec this week for the national convention of the Knights of Columbus, which opened Monday under the presidency of Supreme Knight James A. Flaherty, advocate, Philadelphia.

The city of Quebec was gallantly decorated for the event and the local knights and citizens generally extended a warm welcome to the visitors, many of whom were accompanied by ladies.

The convention, which is the first ever held of the national body outside of the United States, continued until Thursday, although most of the delegates remained until Saturday as entertainment had been prepared by the Quebec members until the end of the week.

Supreme Knight James A. Flaherty's address was in part as follows:

"The year just ended, the 25th of our existence, was one of the largest in results in the order's life. Since the last convention the membership has increased from 248,348 to 248,645, or a gain of 19,339. Of this increase 14,945 were associate and 5,394 insurance members. The increase in the number of councils was 71. It is hardly necessary, I hope, in congratulating the order on this anniversary, to express the desire that I am sure we all feel, that great care is being taken in addition to our membership, that more attention is being paid to quality than to quantity. Not so much in numbers as in character can we count for the success desired. Not every man who is willing to enter our ranks is to be accepted without careful consideration of his character.

"Few things done by Catholic or non-Catholic organizations have excited more favorable comment than our order's efforts in behalf of education, in general, and in behalf of higher education, as represented by the Catholic university at Washington, D. C. Besides the gift of \$50,000 given to the university, the sum of \$50,000 has since been voted to the same institution. This vast sum of money, exceeding any effort on the part of any society to aid education, is to be paid over at the end of two years and a half. A large part is in the bank. Recently the amounts received ranged about \$5,000 a week. It has long been noted that organizations, to live and do good, must have a great principle. The Knights of Columbus consciously, almost instinctively, have chosen education as the field to which their best work is devoted. How true this is will appear when the record of what is being done in the cause of education is written.

"The magnificent monument to Columbus, now in course of preparation, for which congress voted \$100,000, is in a fair way of being ready for unveiling October 12, 1911.

The national assembly of the fourth degree course Bernard Lynch of New Haven as master for Connecticut.

FORESTERS.

Court City of Norwich, No. 62, held its regular monthly meeting for the month of August on Friday evening in their hall. Business of importance was transacted in order that time may be given to the installation of officers. Two propositions were received and reports were read.

Deputy Grand Chief Ranger Joseph D. Pfeiffer and his worthy herald, William Weldon, installed the following officers: R. William Mahoney, secretary, John F. Malone, Sr. W.

ELKS.

Norwich lodge, No. 420, held its regular meeting on Thursday evening, but beyond regular business nothing came up. Exalted Ruler Frank G. Aubrey presided. The improvements at the Elks' new home on Main street are progressing in an entirely satisfactory manner, but their completion is still five or six weeks away.

ODD FELLOWS.

Canton Odeco, No. 3, has received a circular announcing a ten days' tour on the occasion of the September 25th anniversary of the grand lodge and Patriarcha Militant in Atlanta, Ga., in September. It is probable that a number of members of the Norwich canton and others from this vicinity may attend the convention.

The itinerary shows that the party will leave Boston for New York by steamer on Friday, September 16, taking a special train to the latter city. At Luray an opportunity to visit the caverns will be given on Saturday and on Sunday there will be a day's ride down the Shenandoah valley. Atlanta will be reached on Monday at 7 a. m., and three days will be spent there. Other places of interest will be visited on the way back, arriving in Boston Sunday evening, September 25.

For Shetucket and Unesa lodges, there is the usual summer inactivity and routine business, only was transacted at their meetings this week.
